Textured Non Skid Safety Coating

DECK-KOTE Textured Non Skid Elastomeric Safety Coating is a long lasting anti-skid elastomeric coating for traffic areas that provides a water resistant surface. It is a flexible, durable, and beautiful 100% acrylic plastic coating. DECK-KOTE offers excellent adhesion to concrete, metal, wood, and asphalt surfaces. It is easy to apply, dries quickly, cleans up with water, and is resistant to chemicals, mildew, and ultra-violet light.
